

**Are you a water activist, a community leader or active in an NGO
focused on water?**

Are you looking for extra training on water governance?

**This could be an opportunity.
Apply for one of the four grants!**

The UNESCO Chair in hydropolitics opens application for grants allowing young water professionals to follow the Geneva Water Hub Summer School in Water Governance that will take place between 3 and 14 July 2023 in Geneva, Switzerland. **The grants will cover registration fees (3'500 CHF).**

Reach out to research@genevawaterhub.org **before 30 April, CoB** (Geneva/CEST time) and send:

- An updated CV,
- A cover letter detailing how your participation to the Summer School will help you to reach your objectives.

The Summer School in Water governance in brief
(www.unige.ch/formcont/en/courses/caswatergovernance):

Objectives:

- Identify and analyse the new challenges of water resource management at the global scale, considering the whole water cycle
- Analyse hydropolitics and actors' strategies and understand trends and functioning of water governance at the global level
- Provide tools to water professionals to analyse water policy issues and manage the resource in the face of risk and uncertainty
- Develop work-related skills such as the ability to analyse international legal and institutional frameworks, the related negotiations, and the ability to prevent and regulate water conflicts
- Develop a community of practice in the field of water governance

Audience

- Professional from different backgrounds (Public Administrations, International Organisations, Governmental and Non-Governmental Organisations, Private Sector) who aims to develop analytical skills on water governance processes.

Programme

- MOOC Water Resources Management and Policy (online module)
- Module 1: Hydropolitics
- Module 2: International Water Law at the Intersection of Different Fields of International Law
- Module 3: Conflict Management Processes
- Module 4: Data, Water and Cooperation

Director

Prof. Christian Bréthaut, Institute for Environmental Sciences & Geneva School of Social Sciences, University of Geneva.
