

REPUBLIQUE DU SENEGAL

UN PEUPLE-UN BUT-UNE FOI

MINISTÈRE DE L'EAU ET DE L'ASSAINISSEMENT

Secrétariat exécutif du 9^{ème} Forum mondial de l'Eau

9^{ème} FORUM MONDIAL
DE L'EAU | DAKAR 2022

TRAINING SEMINAR for JOURNALISTS

on the way to the 9th world water forum

Jeudi 3 mars 2022

ISSUES AND INNOVATIONS OF THE FORUM

Access to water, a vital right for human dignity

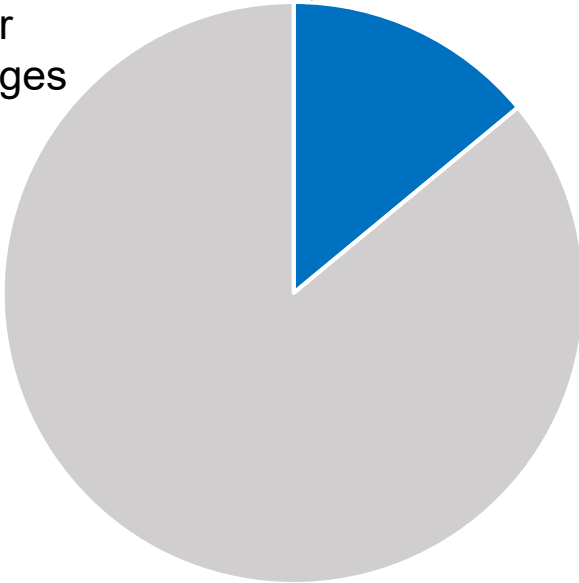

- Billions of people without water
- 4 billion people affected by water scarcity by 2050
- If pressure on global resources continues, 45% of global GDP and 40% of cereal production will disappear
- Water use has increased 6-fold in 10 years and continues to grow at a rate of 1% per year
- Universal access requires 114 billion D/year for the extension of existing infrastructure alone

**The water sector must ensure
GOOD GOVERNANCE of water management**

The global water issue

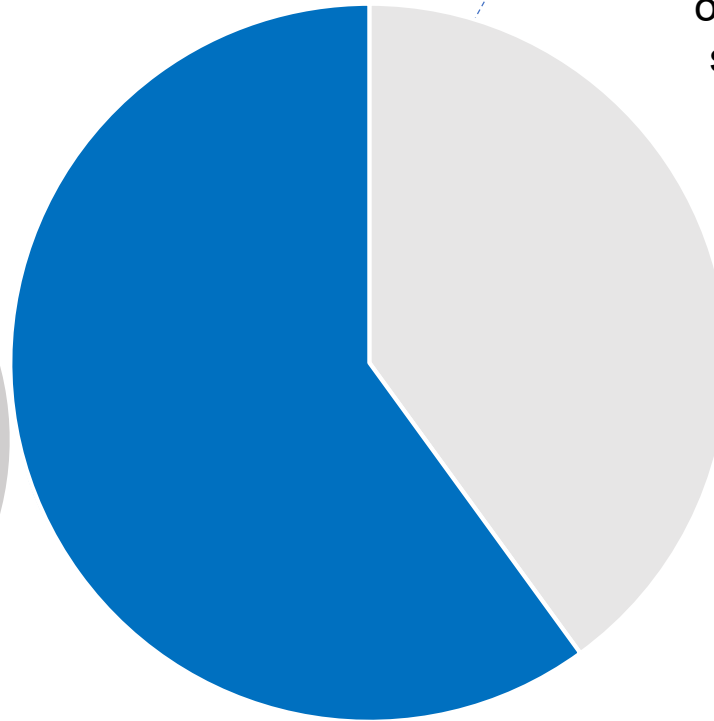

28 countries

in the world
suffer from
regular
shortages

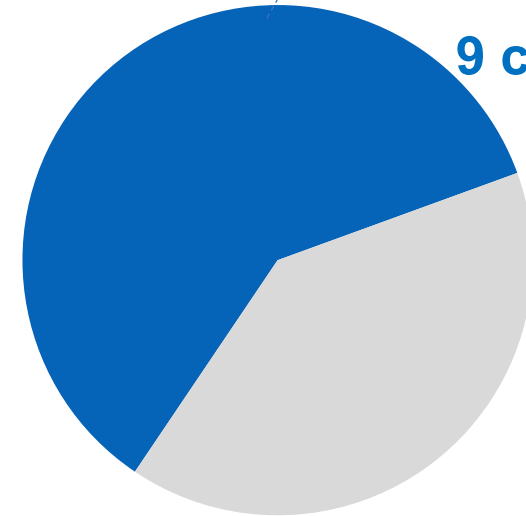

80 countries

in the world
suffer from
occasional
shortages

60%

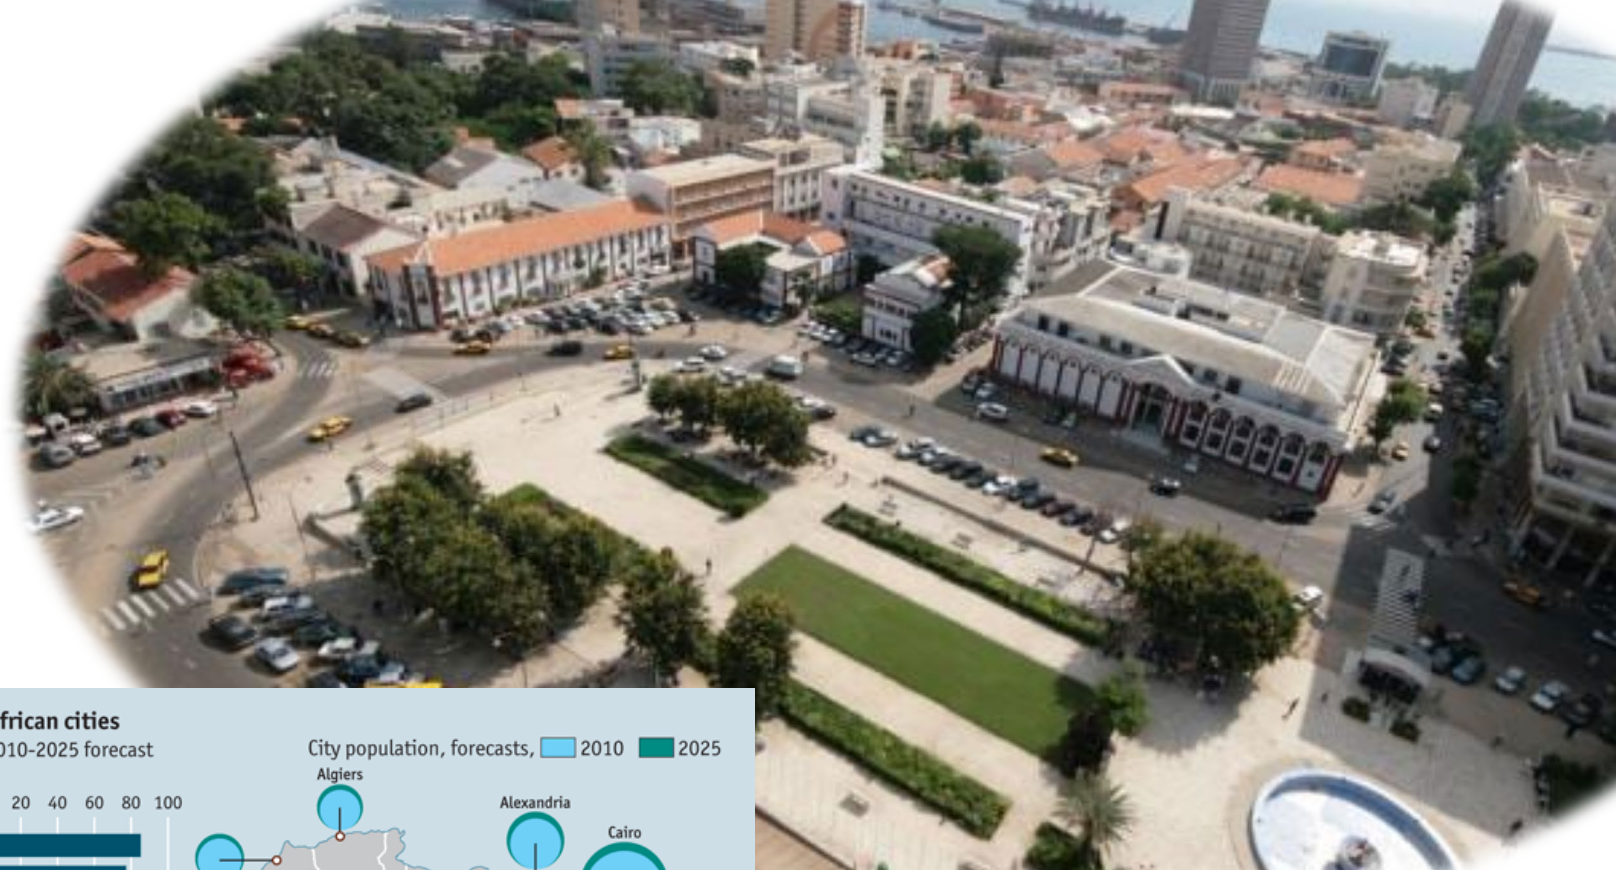

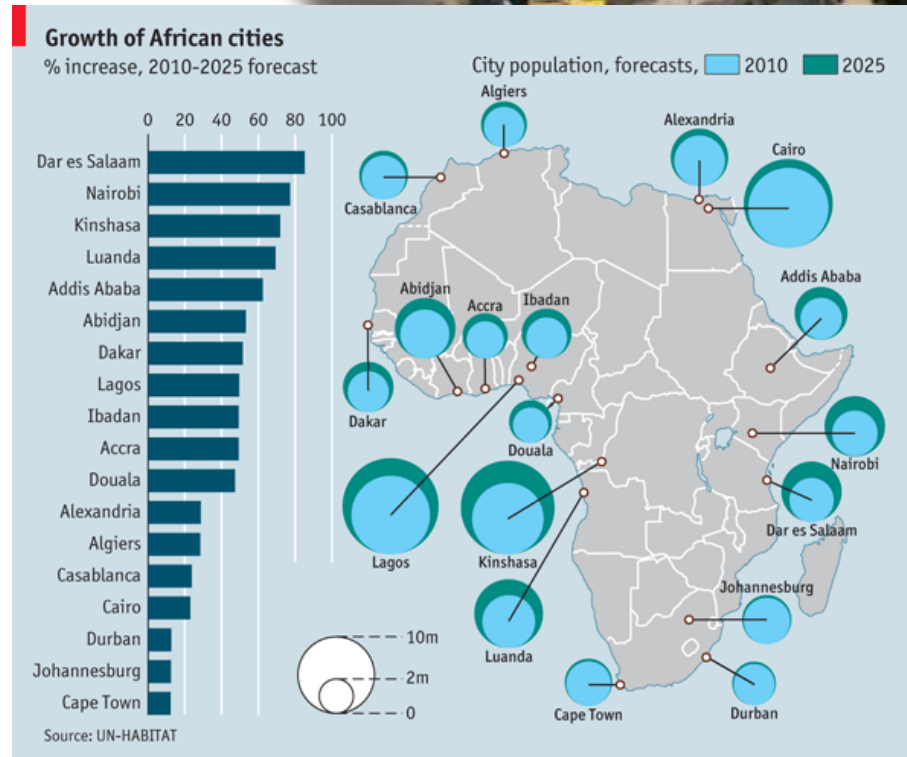

of water
reserves are
shared by
9 countries

Africa Water issues

Pressure on water due to the high demand linked to:

- urbanization & demographics,
- growing water needs for agriculture,
- Energy & climate change

.... Alarming projections for 2050

One in four people are likely to live in a country affected by chronic or recurrent freshwater shortages.

- Competition for access to water is inevitable.
- water has a geostrategic dimension that makes it a security issue in the politics of many states
- Unequal access to water could be the main cause of future conflicts

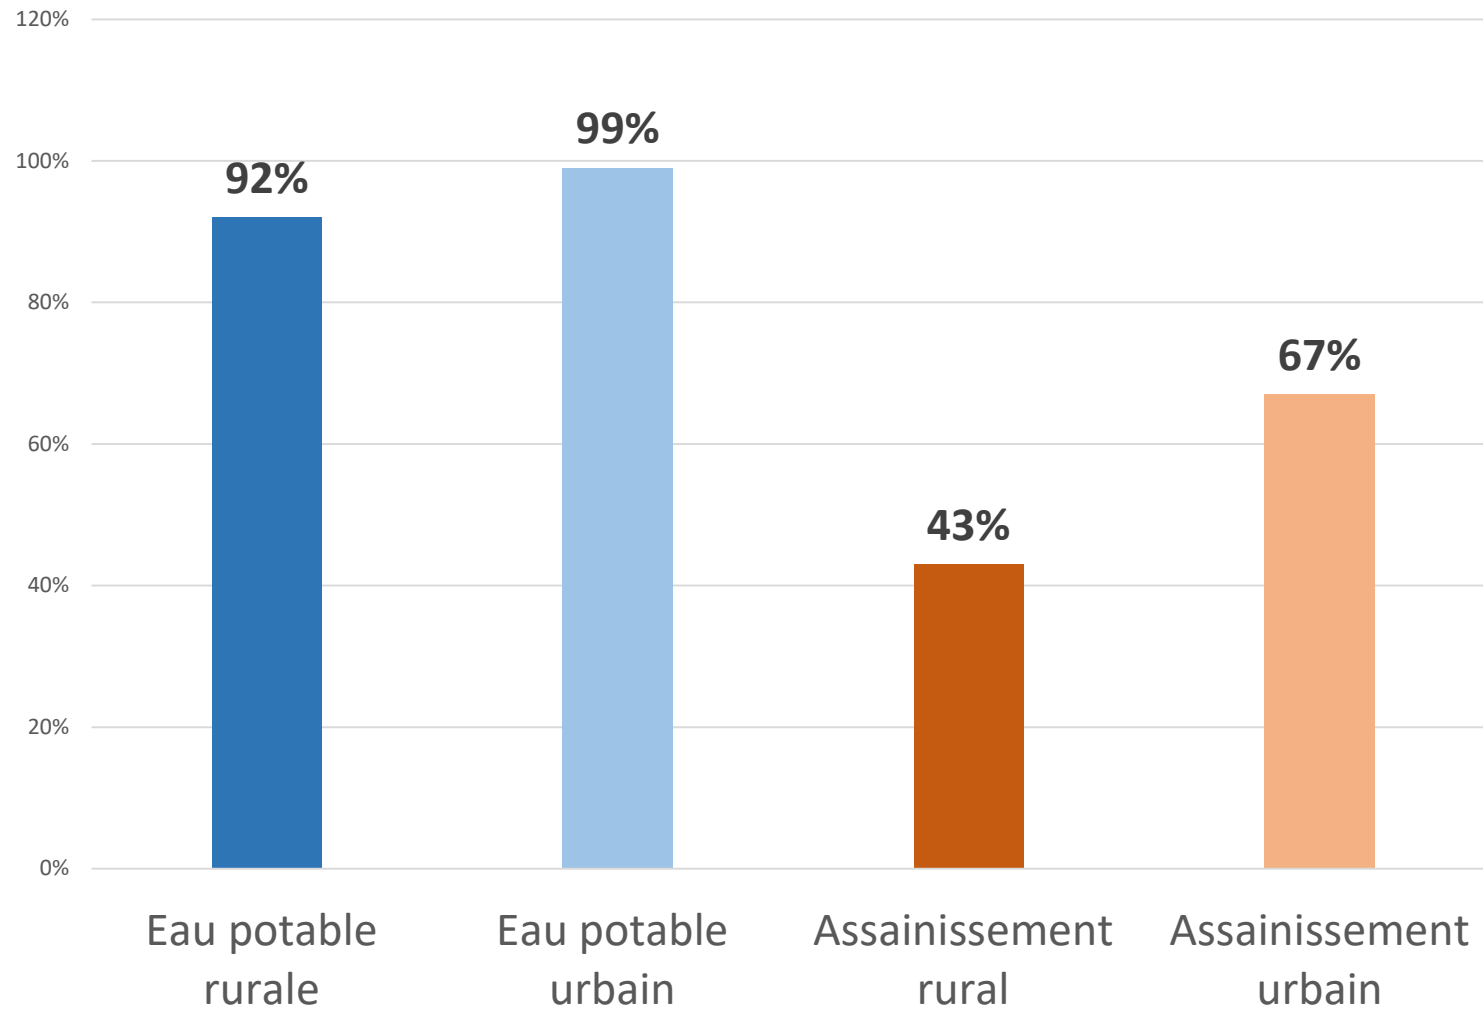

In Africa...

- 24% of the population has access to a safe water source and basic sanitation
- Less than 10% of the population in large cities have toilets connected to sewers
- Only 10-30% of household waste is disposed of
- 90% of natural disasters are water-related, especially floods

In Sénégal ...

Données 2018

Senegal, a laboratory for water diplomacy

Member of the
High Level Panel on
Water and Peace

Host country of the
9th World Water
Forum

Un Forum connecteur des agendas internationaux

« La sécurité de l'eau pour la paix et le développement »

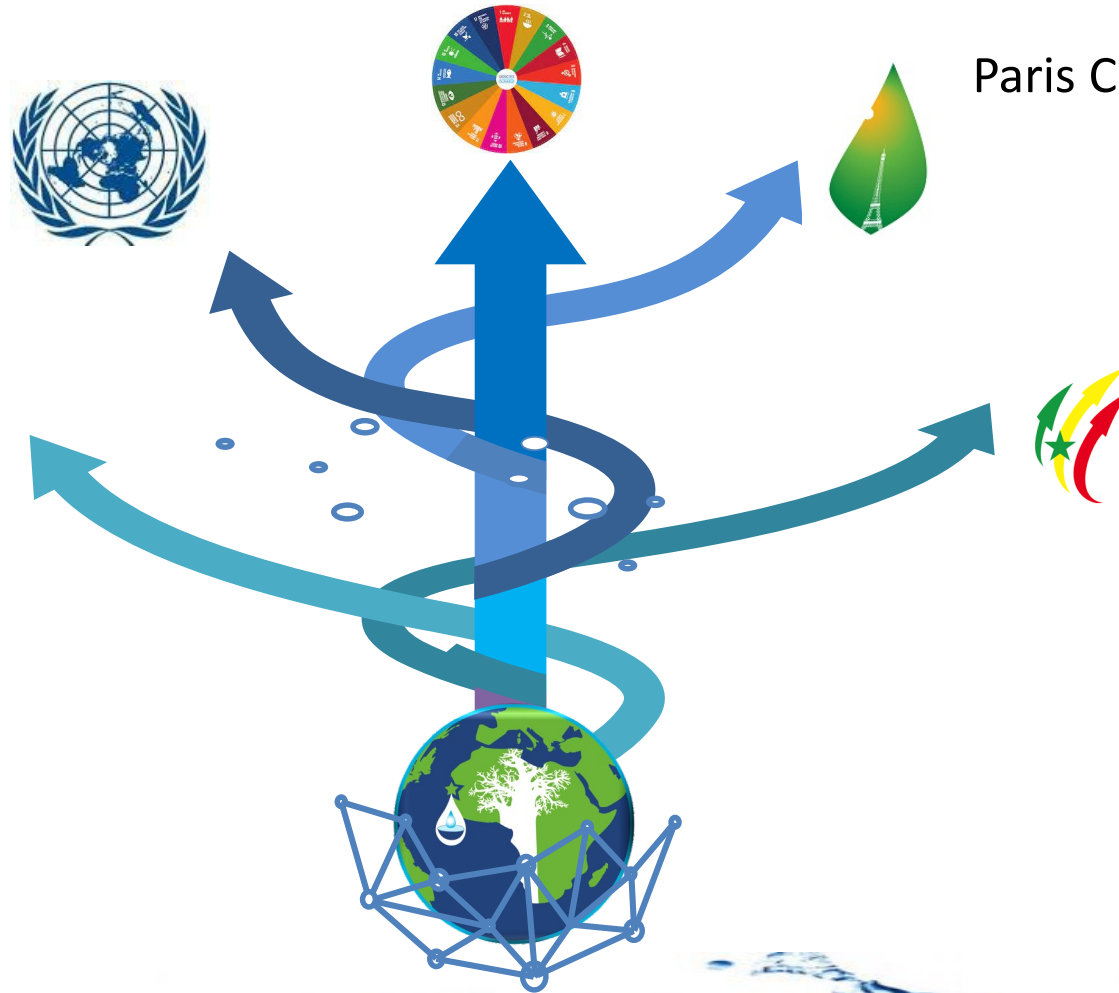

Sustainable Development Goals

Sendai Agreement on
Natural Hazards and Disasters

Paris Climate Agreement

Africa's Agenda 2063

Plan Sénégal
Émergent

More efficient

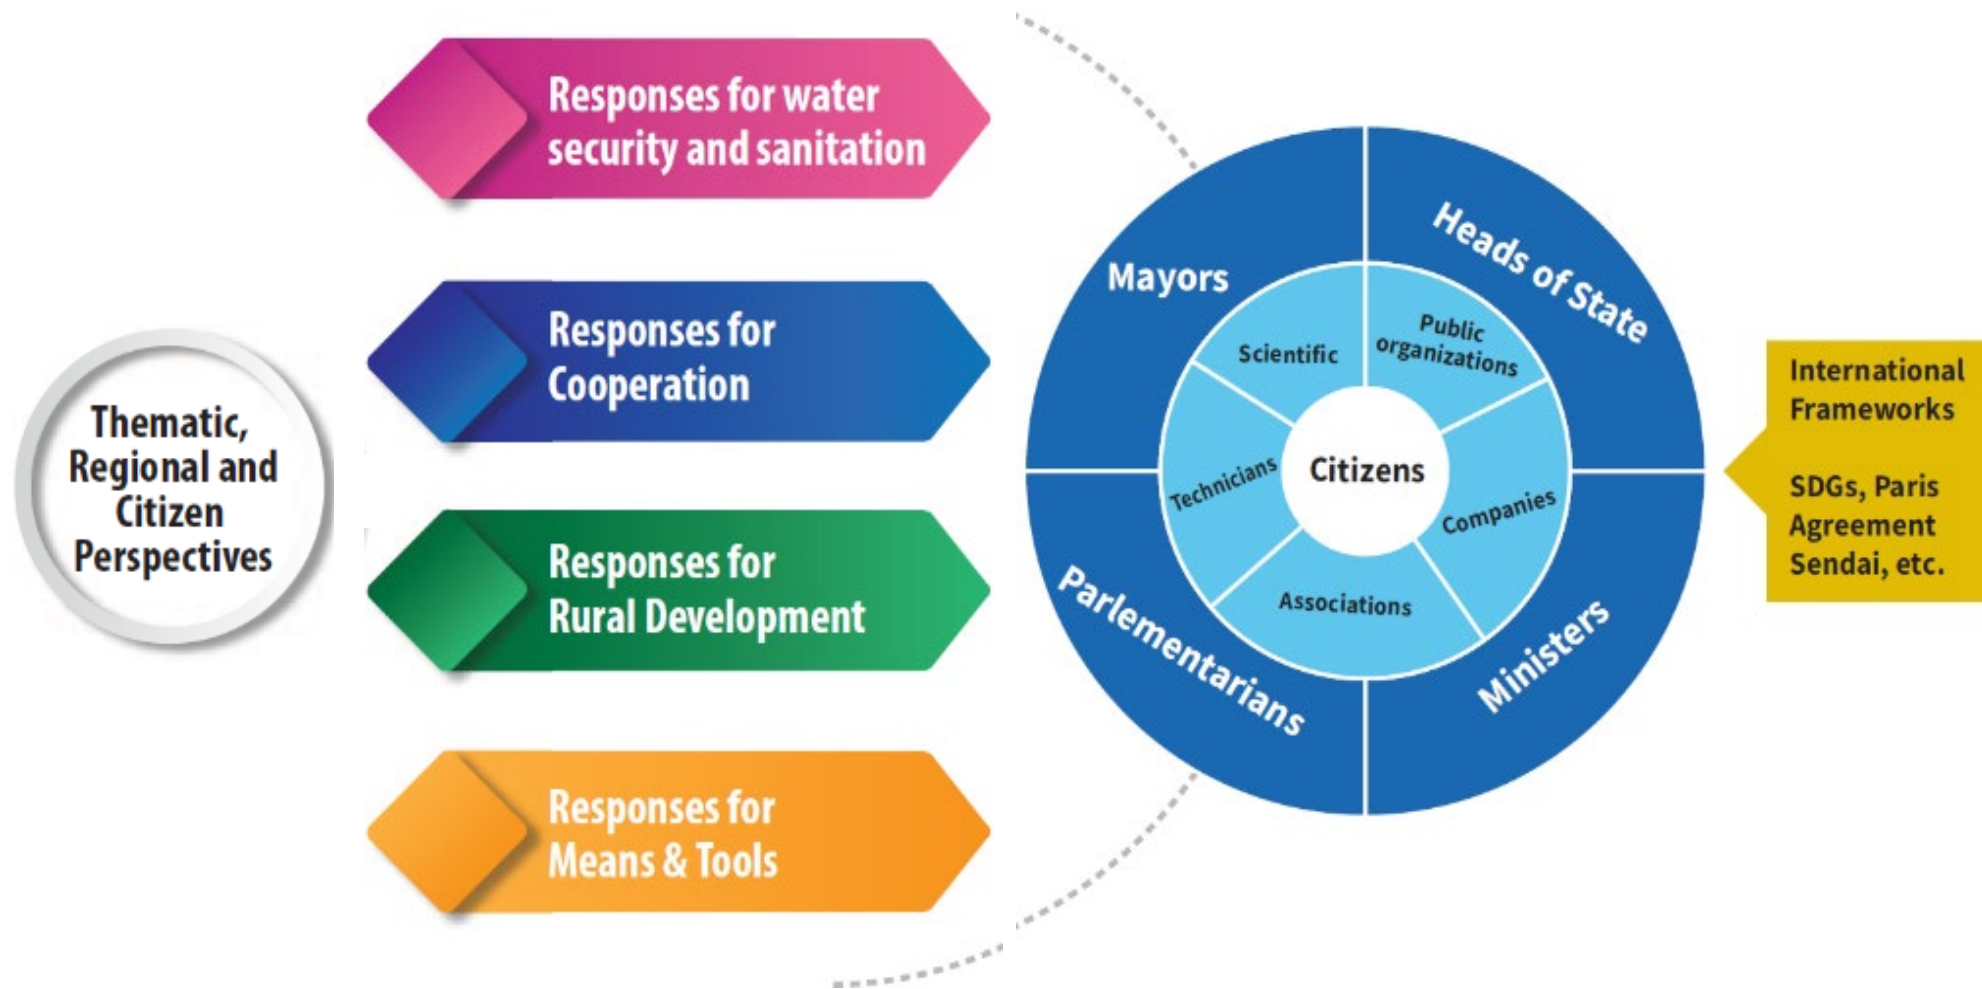

Global and
local

A Forum rooted
in the major water
challenges

A Catalyst Forum

Multi-stakeholder platform

- ⦿ Political summit to give new momentum to SDG6
- ⦿ Make "Dakar 2022" a Forum of Responses, a highly political forum
- ⦿ Task force under the leadership of the Office of the President of the Republic H.E. Macky Sall
- ⦿ Linking the results of the Forum to the UN process

ENJEUX POLITIQUES

Consolidating Senegal's Leadership
in the global water agenda

Access to water and sanitation as part of Senegal's
AU Chairmanship mandate

Innovative and large-scale financing: "Blue
Fund" and debt cancellation

Outcomes of the Forum as input to the 2023 UN
Conference

Outreach and attractiveness of Senegal

Emerging issues and challenges of the pandemic

Composantes du Forum

Mobilisation of political segments

Dakar Declaration Action Plan

**local representatives
(UAEL, CGLU-Afrique et
l'OCDE)**
Mayors' Round Table
Observatory on Water Governance
in African Cities.

**Basin organisations
(OMVS, OMVG, INBO,
ANBO) in relation to the
UNECE**

Stabilised agenda

Departmental segment

- Sending out invitation letters
- Draft agenda

Parliamentarians segment

- Agenda and roadmap
- Mobilisation of parliaments in Africa and the world.

“

Ensemble, nous réussirons à organiser un Forum mondial de l'eau historique, avec des réponses concrètes pour la population sénégalaise, africaine, mondiale afin que la sécurité de l'eau pour la paix et le développement soit assurée partout, pour tous

”
